Professional Summary

I am a security professional with 4 years of experience in various roles within the industry. My expertise spans security operations, team leadership, and customer service. I have excelled in positions such as Security Supervisor and Concierge, as well as CAHS Scheduler and Head of Security at Google.

I leverage my strong scheduling and interpersonal skills to foster professional relationships and enhance operational efficiency. Additionally, my background as an Early Childhood Educator has equipped me with the ability to create inclusive environments and plan age-appropriate activities, skills that translate well into maintaining safe and welcoming spaces in security settings.

As a proactive and vigilant security professional, I am dedicated to upholding the safety and security of all locations under my care. My innovative approach is exemplified by the development and maintenance of a comprehensive app for a security team, which significantly improved communication, organization, and collaboration, providing important resources for team members to use in their daily work.
